Narrow Chests

The old theory that consumption was inherited is utterly discredited by modern medical science. The germs of consumption must be received from without. These germs are everywhere. They are constantly being received and cast out by the healthy system.

It is the narrow chested whose inheritance is weakness who fall a prey to consumption because they are too weak of lung to resist and throw off disease. Doctor Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate deep-seated coughs, bleeding lungs, weakness, emaciation and other conditions which if neglected or unskillfully treated find a fatal termination in consumption.

"In the spring of 1900 I was taken with hemorrhage of the lungs, and became very weak and short of breath. I had no sleep and was unable to do any work. I was advised to take Dr. Pierce's Golden Medical Discovery. The first few bottles seemed to do me but little good. I thought I would soon be a victim of that dreaded disease, consumption, of which several of my family died. Had almost given up in despair when my friends persuaded me to give your 'Golden Medical Discovery' a fair trial. I commenced its use again and in a short time was feeling better. I continued its use until I had taken sixteen bottles. I weigh less than now, and when I commenced I only weighed ten pounds. If any one doubts this statement I will be pleased to answer any inquiry."

Accept no substitute for "Golden Medical Discovery." Nothing "just as good."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from impurities.

Sour Stomach

No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.

CHURCHES AND THEIR COST.

The attendance yesterday at the annual meeting of the American Board of Commissioners for Foreign Missions at Manchester, was very large. At the business session several minor reports were made. "A Call to the Church" was the theme of the closing address at the afternoon session, delivered by the Rev. Dr. W. A. Bartlett, pastor of the First Congregational Church, Chicago, who said, in part:

"Last year all of the 33 Boston churches added but 430 to their number on profession of faith. It cost \$200,000. In Chicago our 73 churches converted 876 persons. That is, we added them—some one else may have converted them. It took \$241,000 to accomplish it. I hope to live to see the day when our great overworked city churches are stirred to their centers; not by a revivalist, but by the preacher himself, through the Holy Ghost; a time not of spasms, but of deep conviction, that lasts from year to year, when men and women will go out for the sole purpose of doing Christ's work, and there shall be meetings in homes, to save souls as well as to pour tea and wear clothes. There has been a marvelous springing up of clubs and circles. Thousands of men and women have sought their real joy in social clubs or literary societies and have given a conventional interest to the church, because the church seemed somehow dead. And they were right; it was. Then the church made the mistake in thinking that she must give the people clubs and reading rooms and all else that was found outside, and after years of trial it has proved a practical failure. The greatest mistake in all the ages of the church is to think people must be tricked or interested in religious enterprises. Lunches served at prayer meetings and evening services are a vain effort to win the people. Have we not learned that when man discovers that the life lost is the life found and the life spent and the life saved he has made the discovery for eternity? Those we try to get into the kingdom by crying 'Oats' when our measure is empty will never follow again."

DOWIE'S HOST.—As John Alexander

Dowie, prophet, preacher and politician, ruler of a theocracy created by himself, captain of industry and crusader, stood on the rear platform of his palatial train, which left Zion City yesterday afternoon for New York, he looked more like a Wall Street financier than the leader of a religious movement. He was stylishly dressed, and his silk hat glistened in the beams of the sun. "May the Lord bless you and all my people," he said simply to those who were being left behind. "May He keep watch over Zion in our absence. May He bless our work for the regeneration of the unrighteous of New York. Peace be unto thee." And from the assembled crowds came the response: "Peace multiply upon thee." Dowie's standing army of peace, nearly 4,000 strong, with all the enthusiasm of crusaders of the middle ages, but armed only with the Bible and religious tracts, is now on the way to establish the creed of "Elijah the Restorer" in Gotham and to petition at the door of every house that the dwellers reform their lives according to Dowie's plan. Eight special trains over many roads left at different hours of the day. One of the trains will go by way of Washington, and the excursionists will try to hold services on the steps of the Capitol. Failing in that, they will pray and sing at the foot of the Washington Monument of the coming restoration by "Elijah."

WILL NOT SUE SENATOR PLATT.—

Miss Mae C. Wood, to whom has been attributed the purpose of instituting a suit for breach of promise against Senator T. C. Platt, on the eve of his marriage to Mrs. Janeway, of Washington, arrived at the Manhattan Hotel, New York, yesterday afternoon from Ontario county, N. Y., where she had been at the bedside of a sick relative. Miss Wood expressed herself in terms of indignation regarding the published rumors, and said she was not interested in any person's matrimonial affairs. The only people who are apt to get into trouble, she added, are those who are at the bottom of these silly rumors. When asked if she knew Senator Platt she said: "Of course I know him. I have known him for several years. He has always been friendly to me and I esteem him highly. I regret the publication of these ridiculous stories, as very unfortunate and distressing." To a reporter Senator Platt said: "I have seen the statements about Miss M. C. Wood in the newspapers, and regret that anything should have been published to her discredit. Of course all the suggestions in regard to lawsuits are absurd and ridiculous. I have known Miss Wood for a long time, and with the Senators from her own State recommended her for a position in the Post-office Department. So far as I know, she has performed her duties satisfactorily. I regard her as a lady of fine attainments."

"Especially the BUFFALO LITHIA WATER of Virginia."

For Bright's Disease, Albuminuria, Renal Calculi, Gout, Rheumatism and All Diseases Dependent Upon a Uric Acid Diathesis.

Samuel O. L. Potter, A. M., M. D., M. R. C. P., London, Professor of the Principles and Practice of Medicine and Clinical Medicine in the College of Physicians and Surgeons of San Francisco, Cal., in his "Standard Book of Materia Medica, Pharmacy and Therapeutics," in the citation of remedies under the head of "Chronic Bright's Disease," says: "Mineral waters, especially the BUFFALO LITHIA WATER of Virginia, has many advocates." Also, under "Albuminuria," "BUFFALO LITHIA WATER" is highly recommended.

George Halsted Boyland, A. M., M. D., of Paris, Doctor of Medicine, of the Faculty of Paris, in the New York Medical Journal, August 22, 1896, says: "There is no remedy as absolutely specific in all forms of Albuminuria and Bright's Disease, whether acute or chronic, as BUFFALO LITHIA WATER, Spring No. 2, accompanied by a milk diet. In all cases of pregnancy, where albumin is found in the urine, as late as the last week before confinement, if this water and a milk diet are prescribed, the albumin disappears rapidly from the urine and the patient has a positive guarantee against puerperal convulsions."

T. Griswold Comstock, A. M., M. D., of St. Louis, Mo., says: "I have often prescribed BUFFALO LITHIA WATER conditions and in Renal Calculi, accompanied by Renal Colic, and always with the most satisfactory results. In Renal Calculi, where there is an excess of Uric Acid, it is especially efficacious." Medical testimony which defies all imputation or question mailed to any address.

is for sale by druggists and grocers generally. PROPRIETOR BUFFALO LITHIA SPRINGS, VA.
